Next Chapter Meeting

2010 Annual Business Meeting

Gondolier Restaurant

792 Briarcliff Avenue, Oak Ridge, Tennessee

Tuesday, February 16, 2010

5:30 – 7:00 PM

ETCHPS Website – New Feature

The Affiliates Section of the ETCHPS website has been updated to include each affiliate company's logo with embedded links to each respective website. Anyone can go to an affiliate's home page by selecting the company's name/logo. This will give members greater access to the affiliates. The Affiliates Section of the ETCHPS website is at:

<http://www.hpschapters.org/etchps/Affiliate%20Information/Affiliate%20Information.htm>

2009/2010 Election Results

Fifty (50) ETCHPS members cast ballots in the 2009/2010 annual election. The election results were reported at the December 2009 ETCHPS Council Meeting. Congratulations to:

President-Elect: Thomas Rucker

Secretary-Elect: Natalie Beason

Council Member: Debra McCroskey

2009 ABHP Certification Exam Results

Congratulations to **Jason Faddis** (Nuclear Fuel Services), the newest CHP within the East Tennessee Chapter membership.

Also, congratulations to **Anthony Hogan** (State of TN) and **Albert Wolff** (TWPC) for successfully completing one part of the ABHP Certification Examination.

2009 ETCHPS Vendor's Meeting Summary

The East Tennessee Chapter of the Health Physics Society held its annual Vendor's Meeting on Thursday, December 10 at Rothchild's Conference Center in Knoxville, TN. Approximately 150 ETCHPS members and guests were in attendance, including 26 vendors.

Pictures from the Vendor's Meeting may be viewed at:

January 2010 Program Meeting Summary

The East Tennessee Chapter of the Health Physics Society held its monthly Program Meeting as a joint meeting with the American Nuclear Society on Tuesday, January 12, 2010, at Rothchild Catering Location. Approximately 65 ANS and ETCHPS members and guests were in attendance.

Keith Eckerman of the ORNL Environmental Sciences Division provided a presentation entitled "The New ICRP Radiation Protection Recommendations: Changes to Committee 2's Dosimetric Methodology."

The presentation included a brief description of the mission and history of the International Commission on Radiological Protection (ICRP), discussion of significant events and decisions, and a description of recommendations.
